Concrete

Design Surround
Concrete, in synergy with Made 2.0, is a flexible ceramic system at the service of living spaces. It is the most complete color / surface combination palette in neutral and natural shades: thirteen colors and four different surfaces that adapt to the different needs of living. The same color can be used from inside to outside, in floors and walls and for the creation of kitchen tops and bathroom furniture while maintaining a strong color consistency. The whole Concrete color palette corresponds to the colors Made 2.0; the White color matches the Made 2.0 White Sand.
In Concrete the soft surface, which is extremely smooth to the touch, keeps the opacity and aesthetic characteristics of the product intact.

Design Surround
Concrete, in sinergia con Made 2.0, è un flessibile sistema ceramico al servizio degli spazi abitativi. È la palette di combinazione colori / superfici più completa nelle tinte neutre e naturali: tredici colori e quattro diverse superfici che si adattano alle diverse esigenze dell'abitare. Lo stesso colore può essere utilizzato dall'interno all'esterno, nei pavimenti e nei rivestimenti e per la realizzazione di piani cucina e mobili da bagno mantenendo una forte coerenza cromatica. Tutta la palette colori Concrete corrisponde ai colori Made 2.0; il colore White si abbina al Made 2.0 White Sand.
In Concrete è disponibile la superficie soft, estremamente morbida al tatto, mantiene inalterata l'opacità e le caratteristiche estetiche del prodotto.
