SARTORIA est. 2018

# A project for the audacious, who do not fear the contrasts

*Un progetto per gli audaci, che non temono i contrasti*

Sartoria is created combining the knowledge with the understanding of modern ceramic history. A tailored project for all those who love interior design, small sizes, color and decoration. From these four elements a new chapter within Terratinta Group is born, aiming to create a new style that can be exported all over the world. Just like the detailed and creative creations of a tailor, Sartoria designs and fulfills distinguished ideas, giving new life to the craftsmanship of the small ceramic size. A unique, contrasting design, a choice between styles, a choice of style. A project inspired by simple things: the most difficult to do, but the ones that give the push to act.

Sartoria è creata dall'unione tra conoscenza e comprensione della storia della ceramica moderna. Un progetto su misura per chi ama l'interior design, il piccolo formato, il colore e la decorazione. Da questi quattro elementi nasce un nuovo capitolo all'interno di Terratinta Group, con l'obiettivo di creare un nuovo stile esportabile in tutto il mondo. Così come le creazioni di un sarto, meticolose e creative, Sartoria disegna e realizza grandi idee, dando nuova vita all'artigianalità del piccolo formato ceramico. Un design unico e contrastante, una scelta tra gli stili, una scelta di stile. Un progetto ispirato da cose semplici: le più difficili da fare, ma che danno la spinta ad agire.
